## AP-4D

Tabletop Digital  
Centrifuge

AVANPRO'S **AP-4D** tabletop centrifuge is a robust and easy to operate device, designed to offer years of use. It is extremely quiet, contributing to noise level reduction in laboratory environments. The **AP-4D** is equipped with safety latch to prevent opening of the unit while in operation and includes a stainless-steel interior for easy cleaning. Its large, vivid display shows speed, time, status and more, allowing the user a clear view of the procedure

AVANPRO is the registered trademark of **AVANPRO, Corp.** Avapro follows a policy of continuous innovation. Product designs and specifications are subject to change without notice.
