

AVANPRO

AP-MS6

Multi-Position Magnetic Stirrer

The **AP-MS6** is designed to guarantee excellent stirring performance for application with 6 positions working under identical conditions. The powerful brushless motors guarantee consistent speed in all positions, and sophisticated electronic control assure longevity and safety.

AVANPRO is the registered trademark of **AVANPRO, Corp.** Avanpro follows a policy of continuous innovation. Product designs and specifications are subject to change without notice.

AP-MS6

Multi-Position Magnetic Stirrer

TECHNICAL DATA

ADDITIONAL CHARACTERISTICS:

- Simultaneous stirring
- Brushless motor ensures longevity and guarantees constant speed
- Can work synchronized and asynchronous
- Easy cleaning and maximum resistance
- Suitable for continuous work
- Easy to operate digital interface
- The integral timer allows programming of unsupervised operations

Stirring positions	6
RPM	50 - 1500 rpm
Max. volume	6 x 500 ml beakers
Plate size	110mm
Rotation direction	Clockwise
Motor type	6 Brushless motors
Display	LCD display
Timer	From 1 min to 23 h : 59 min
Operating environment	5° - 40°C / 41° - 104°F
Relative humidity	80%
Power supply	110-240V, 50/60 Hz
Dimensions	415 x 225 x 65mm / 16.3" x 9" x 2.6"
Weight	4.7kg / 10.4lb
Warranty	1 Year

ACCESSORIES INCLUDED:

- Magnetic stirring bars
- Power adapter
