

BSM-4

Stereo Microscope

The **BSM-4** stereo microscope is a versatile device, ideal for higher education, research, and quality control in industrial procedures. The reflected and transmitted LED illumination ensures a flexible and exceptionally good level of illumination for the sample. The **BSM-4** offers an excellent zoom system, and its reflected and transmitted LED illumination ensures an exceptionally good level of illumination for the sample.

AVANPRO is the registered trademark of **AVANPRO, Corp.** Avanpro follows a policy of continuous innovation. Product designs and specifications are subject to change without notice.

BSM-4

Stereo Microscope

First-class optics and strong illumination, combined with a high level of flexibility, deliver an excellent stereo zoom microscopes with above-average optical features. Its ergonomic shape and robust design, allows the user to operate the unit for prolonged periods of time.

TECHNICAL DATA

Eyepieces	WF 10 X/20 mm, equipped with a diopter adjustment ring
Head	Binocular, 60° inclined. Interpupillary distance adjustment
Objectives	variable magnifications of 0.7X, 0.8X, 0.9X, 1X, 1.5X, 2X, 2.5X and 3X (from 7 to 30 total increases)
Stage	Interchangeable between translucent white, double side white/black and stage clips
Focus	Coarse and fine, anti-slip, tension adjustment knobs
Illumination	Transmitted and incident LED light with independent intensity control
Dimensions	200 x 340 x 275mm / 8" x 13.4" x 11"
Power supply	110/240V, 50/60 Hz, power adapter
Weight	5kg / 11lb
Warranty	7 Year

ACCESSORIES INCLUDED:

- Dust cover
- Power adapter
