

ML

Bottletop Dispensers

The **ML-Series** of autoclavable liquid dispensers are ideal for demanding laboratory environments. The robust construction is resistant against harsh chemicals and high temperature. The **ML-Series** offers a wide range of adjustable volume, and can be used with various bottles, thanks to the adapters included.

AVANPRO is the registered trademark of **AVANPRO, Corp.** Avanpro follows a policy of continuous innovation. Product designs and specifications are subject to change without notice.

TECHNICAL DATA

FEATURES:

- Autoclavable
- High accuracy of liquid separation
- High temperature and chemical resistant
- Equipped with different thread adapters
- Suitable for most of the laboratory reagent bottles
- Safety valve and cap to prevent spray and leakage

MODEL	VOL. RANGE	INCREMENTS	TEST VOLUME	TESTING ERROR			
				SYSTEMIC ERROR		RANDOM ERROR	
				±%	µl	±%	µl
AP-10ML	2 - 10ml	0.25	2ml	5	50	1	10
			5ml	1	50	0.2	10
			10ml	0.5	50	0.1	10
AP-30ML	5 - 30ml	0.5	5ml	5	125	1	25
			15ml	1	125	0.2	25
			30ml	0.5	125	0.1	25
AP-60ML	10 - 60ml	1	10ml	5	250	1	50
			30ml	1	250	0.2	50
			60ml	0.5	250	0.1	50

ACCESSORIES INCLUDED:

- Discharge tube
- Mounting key
- Filling tube
- Thread adapters (GL 28, 32, 38, 40, 45)
